

## PLAY WILL BE GIVEN TO HELP UNIVERSITY

"Sweet Lavender" to Be Presented Under Auspices of Columbia Women.

A benefit performance for the Georgetown University will be given at Columbia Theater on the evening of May 20, under the auspices of the Columbia Women. "Sweet Lavender" will be presented by the Columbia players on the occasion.

The Columbia Women are an organization composed of women students, wives of faculty members, and wives of trustees of the university. The primary aim of the organization is to furnish financial aid to needy and deserving young women attending the institution.

The organization has been in existence about twenty years, and during that period has raised approximately \$1,000 for the benefit of the university. According to a report just compiled by officers of the society, there is at present a permanent fund of about \$1,400 invested in railway and building association stocks. Efforts are being made to enlarge this fund, such as an extent that it will earn tuition for a free scholarship.

During the past nine years the Columbia Women have maintained a loan fund, enabling four young women to graduate and adding another one in the pursuit of her studies. During the current year there are four young women in the university taking advantage of the opportunities offered by the organization.

Among the donations made by the Columbia women to the university have been \$144 toward a gymnasium for the girls, more than \$300 for the library, \$1,700 for the university hospital, \$1,000 toward buildings formerly occupied on street, a pledge of \$300 for the support of the university, and a pledge of \$100 toward the building fund. The coming benefit performance will be for the purpose of raising money for the payment of these two \$300 pledges. It is expected that the proceeds will be sufficiently large to enable the women to expand their loan fund.

The officers of the organization are: Mrs. Martin A. Knapp, president; Miss Margaret White, first vice president; Miss M. Meelin, second vice president; Miss Elizabeth Ford, recording secretary; Miss Catherine Koota, corresponding secretary; Miss Anna S. Hazleton, treasurer; and Miss Marion Thatcher, auditor.

## Woman Dies Without Physician's Attendance

Mrs. Emma L. Beckmyer, a widow, sixty-five years old, died without medical attention yesterday afternoon at her home, 324 Sixth street southeast. Mrs. Beckmyer was a Christian Scientist, and, although she had been ill for several weeks, a physician was not called in until after she had died. He declined to issue the necessary certificate, and coroner Nevitt was notified. After an investigation, the coroner gave a certificate of death from natural causes.

## SURGEON FOR WAR

DR. GEORGE TULLY VAUGHAN,  
Of Georgetown University Hospital,  
Staff, Who Departed Today for Service in Mexico.

## BURNS SAYS CONLEY KILLED PHAGAN GIRL

Detective, in Report Again Declares Leo Frank Innocent of Murder.

ATLANTA, Ga., April 22.—Following the postponement of the hearing of the new trial motion for Leo M. Frank, Detective Burns made a report, declaring that Frank is innocent of the murder of Mary Phagan.

He points to Jim Conley, colored, as the slayer of the factory girl. Burns' statement, in part, was as follows:

"I am now engaged in drawing up my formal report, which will be submitted to you as soon as the same has been finally completed. I desire, however, to anticipate the same in these respects:

"1. The murder was unquestionably the crime of a pervert of homicidal tendencies of the most pronounced type.

"2. That Leo M. Frank is not a pervert, and is innocent of the murder for which he has been convicted.

"3. That James Conley—and he alone—is guilty of the murder of Mary Phagan, and, further, he is a pervert of the type heretofore described.

"All of which I am prepared to prove."

## DR. VAUGHAN WILL HEAD WAR SURGEONS

Washington Man Departs to Take Charge of Hospital Work With American Forces

Dr. George Tully Vaughan, the distinguished surgeon, for many years chief of the Georgetown University Hospital staff, and Chaplain George Livingston Bayard, U. S. N., were among those who left Washington this morning for the scene of hostilities in Mexico. Both took trains for Philadelphia, whence they will embark on the steamer Morro Castle for Mexico.

Dr. Vaughan will become the Government's chief operating surgeon in the field. He is a member of the Medical Reserve Corps, and subject to call to active service at any time.

Dr. Vaughan, however did not wait to be drafted, but volunteered his services, which were immediately accepted. He has not been instructed yet whether he will be stationed on Admiral Padgett's flagship at the military hospital in Vera Cruz. Dr. Vaughan is thoroughly familiar with army field surgery, having served in the Spanish war.

Chaplain Bayard is a member of the Metropolitan and Chevy Chase Clubs, and having lived here for a number of years possesses, a large acquaintance among Washingtonians. Several years ago he became chairman of the Order of Washington, of which Rear Admiral Charles H. Stockton, U. S. N., retired, is the commander.

## Plan Modern Hotel On Arlington Property

Negotiations for the construction of a large and modern hotel of the "de luxe" type, on the Arlington property, at Vermont avenue, H and I streets, are now being carried on by the Real Estate Trust Company, between the Richmond syndicate which recently bought the tract of ground, and New York interests.

If the Richmond syndicate refuses to sell it is said that the two groups may unite in the construction of a hotel and turn it over to the New York men to operate under a long lease.

The fact that some development of the Arlington property will be begun in the near future seems assured. The Richmond owners have just had plans prepared by Baltimore architects for an establishment that would cover the entire site.

If the New York men come into the deal, however, it is said that at the beginning only the Vermont avenue frontage would be utilized.

## Redfield Makes Changes.

Charles Ferguson, special agent in the Bureau of Corporations, Department of Commerce, has been promoted to the \$2,700 grade by Secretary Redfield. William S. James, laboratory assistant, in the Bureau of Standards, has been promoted to \$1,000. Carl G. Lines has been temporarily appointed electrician at \$1,200, in the Census Bureau. Edward S. Butcher has been transferred from the Interior Department to copist at \$500.

## Commercial Body Aids Capital City

Southern Congress to Issue 20,000 Copies of New and Enlarged Edition of "New Washington" to Assist Campaign Against Foes of Present Fiscal System.

Actively assisting and supplementing the work of the committee of one hundred in its efforts to diffuse information about the National Capital throughout the country, the Southern Commercial Congress today announced its purpose to issue 20,000 copies of a new and enlarged edition of "New Washington," the illustrated history and description of the city issued last year by both the Southern Commercial Congress and the Washington Chamber of Commerce.

The largest single piece of city advertising ever undertaken by any Washington commercial organization is the work to which the Southern Commercial Congress has set itself in the issuance of the book.

Trade Bodies Co-operate.

Co-operating with the congress in the task of issuing the Washington text-book are the presidents of both the Washington Board of Trade and Chamber of Commerce and many Senators and Congressmen. The determination to issue another large edition of the book is the result of the favorable reception given the first edition from all parts of the country, according to the announcement today, which says, in part:

"The demand for the first illustrated edition of 'New Washington,' the Nation's Capital, has been so great that the issue has been exhausted, and it has been determined to publish another edition of 20,000 copies, enlarged and improved with many new illustrations."

The distribution of this book, setting forth the history of the Capital City, describing and illustrating the varied attractions of Washington, explaining the relations of the District and Federal Governments and appealing to the patriotism of the whole American people, is greatly assisting and will greatly assist the campaign to enlist the interest of the nation in the National Capital which the committee of one hundred is waging."

Senators Gallinger and Martine and Congressman Underwood and Aimey were among the first to express their approval of the work undertaken by the Southern Commercial Congress. To B. H. Warner, chairman of the committee having the publication in charge, Senator Gallinger has written asking for 200 copies of the new edition.

Congressman Oscar W. Underwood in a letter received yesterday said: "I am glad to know another edition is to be issued, as they are of great interest to our people residing outside of the Capital City, and they are always glad to get such suggestions and information."

Similar expressions of approval and requests for copies have been received from other Senators and Congressmen.

Cuno H. Rudolph, president of the Board of Trade, has written Dr. Clarence J. Owens, managing director of the congress, in part, as follows:

"I want to congratulate you upon the enterprise of the Southern Commercial Congress in advertising the National Capital, which you have persistently done for some years. Especially do I desire to thank you for your recent large issue of the book entitled 'New Washington.' I am glad to hear there has been such a demand for it that you are now about to print a second edition under the editorial direction of George H. Gall."

"This good work has not received the praise it deserves, and I wish to be on record as expressing my appreciation of it." William F. Guide, president of the Chamber of Commerce, writes:

"The committee in charge of the publication work is composed of B. H. Warner, C. J. Owens, and George H. Gall."

## Anti-Suffragists Offer Services in Mexican War

The District of Columbia Association Opposed to Woman Suffrage has tendered its services to President Wilson for such use as the exigencies of the Mexican situation may require. At a meeting of the executive board of the association, at which Mrs. A. A. Birney presided, the following resolution was adopted, and forwarded to the White House:

"Whereas the process of the relations of this country to Mexico may call for unusual service on the part of loyal American citizens.

"Resolved, That we, the women of the District of Columbia Association Opposed to Woman Suffrage, gladly offer that service to the President of the United States to use as he may deem best for peace or war."

## THE FISHERMAN'S GUIDE

Weather Forecast—Partly cloudy tonight and Friday; much warmer Friday.

Wind—North.

Condition of the Potomac—Slightly muddy.

High Tide—6:46 a. m. and 2:20 p. m.

Low Tide—5:13 a. m. and 6:43 p. m.

Several very nice strings of white perch were taken up the river yesterday in the neighborhood of the Hen and Chickens, and a fair-sized week-day fishing fleet put out from the Georgetown boathouses this morning. No rock were taken, so far as can be learned, but a little clearer water and some more warm weather will bring them up.

All of the fish taken yesterday were caught with live bait. Art may rival nature on a canvas or pedestal, but when it comes to being on a fishhook, there's nothing like the wriggly real live minnow. One old fisherman has a combination that he calls a "spliced bait," which he says never fails to land a fish. He first takes an obese bloodworm and threads it on the hook, pushing it so far up the lead that an inch of the hook is exposed. Over this part of the hook he then puts a shrimp, splits on the combination, casts it into a promising riffle, and hauls out a fish.

While most of the fish caught this year in the Potomac have been taken above the Aqueduct bridge, there have been some desirable catches made along the sea wall below the Alexandria railroad bridge. Half a dozen white perch were taken there yesterday that weighed more than three quarters of a pound. The familiar groups are flocking to the tidal basin again, but one waits there a long time before he sees a worth while fish lifted out of its depths.

Boats may be obtained from Trammell, Great Falls; Fletcher, Lock Cove; two boathouses, Three Sisters; Reynolds or Barker, foot of Thirty-fourth street; Cumberland, foot of Twenty-sixth street; Bailey, under Anacostia bridge; Miller, D. C. end of Benning bridge.

Bait always to be purchased at following boathouses: Reynolds, Bailey, and Miller's. Also at certain fishing tackle stores.

The following places bear the reputation of being good fishing grounds: (1) "The Parlor," a pool above Boiling Rock, straight out from Fletcher's. The water is deep and swift, and the pool bears its name because the fish are known to congregate there. (2) Middle Rock, above the Chain Bridge.

## Give Reception Tonight For Harvard Ball Team

The Harvard University baseball team will be given a reception by the Harvard Club of Washington at the University Club tonight after the baseball game with Georgetown University today. The Crimson nine is on its annual Southern trip.

## Colonial Wars Society To Discuss Amendments

Tonight, on the anniversary of the battle of Pokomoke, the District Society of Colonial Wars will meet at the Willard to consider amendments to the constitution. The battle of Pokomoke was the first marine engagement between white men in North America. A paper will be read by Ben Miner of "The Settlement of the Valley of Virginia in Colonial Times." A buffet luncheon will be served.

## Substitution and Cut Prices

usually go hand in hand

They comprise the greatest evils that are practiced on an unsuspecting public. Do YOU know why dealers attempt to sell you their own article or something "just as good" in place of what you call for? It's a matter of profit—they make more money on that article regardless of your health. It is no fair to your judgment nor to us as manufacturers, who have told you through truthful advertising the immense amount of good

## Duffy's Pure Malt Whiskey

has done for others and will do for you.

### How It Is Done!

A retailer advertises Duffy's Pure Malt Whiskey (which is made to sell at \$1 a bottle and well worth every penny of it) at a cut price, sometimes below cost, to attract trade to his store, and when you ask for Duffy's, finds out what you want it for, then tries to sell you some unknown something "just as good." He does not spend his time trying substitution for nothing! Not he! If he sells the substitute he is the one who profits not you. He makes money on this article and is willing to chance a loss on the genuine hoping to sell you.—His clerks are probably getting a bonus for pushing the substitute as well.

The retailer (and there are many of them) who gives you what you ask for without a quibble, is the one who has your interest as well as his own in mind—he should get your business. You feel comfortable while trading with him.

We do not approve of price cutting—for cut prices, along with substitution, means destruction—not competition. But—if prices are cut to attract your attention—insist on what you ask for. Get Duffy's and benefit yourself—don't help the dealer who tries to fool you by accepting an unadvised and possibly an unworthy product.

Remember—The concern that can advertise a reliable article year in and year out for many years, has something of worth to sell you or they couldn't advertise.

Duffy's Pure Malt Whiskey is sold in sealed packages—never in bulk. The Company's signature is on the label—the Company name blown in the bottle. Get the genuine. Sold by most druggists, grocers and dealers at \$1.00 a bottle.

The Duffy Malt Whiskey Co., Rochester, N. Y.—Advt.
